

# ABUBAKAR ALNOUR JABRALLAH MOHAMED

Phone: (+966) 544854061 | Email: abubakarnour43@gmail.com | GitHub: <https://github.com/abubakarnour>

Riyadh, Saudi Arabia

## PROFESSIONAL SUMMARY

Front-End Developer with extensive experience in React.js, JavaScript (ES6+), HTML5, and CSS3. Skilled in building responsive, high-performance web applications and collaborating with designers to deliver optimal UI/UX. Experienced with RESTful APIs, Redux, and Git version control, ensuring clean, maintainable code. Passionate about performance optimization and learning new technologies in fast-paced development environments.

## KEY SKILLS

- React.js, Redux
- HTML5, CSS3, JavaScript (ES6+)
- RESTful APIs, Axios
- Responsive Web Design
- Git, GitHub
- Cross-browser compatibility
- UI/UX principles
- Performance Optimization (Lazy Loading, Code Splitting)

## PROFESSIONAL EXPERIENCE

### Front-End Developer | Thevasco

*Riyadh, Saudi Arabia | July 2024 - Present*

- Built and maintained user interfaces for web applications, ensuring responsive, high-performance designs.
- Collaborated with designers to meet UI/UX requirements, writing clean and efficient code.

- Optimized front-end performance by reducing file sizes and minimizing server requests.
- Debugged and tested front-end functionality for seamless user experiences across multiple browsers.
- Worked closely with backend developers to integrate front-end code with server-side logic.

### **Front-End Developer | GIT Future**

*Khartoum, Sudan | November 2022 - December 2023*

- Developed dynamic user interfaces using React.js, improving rendering efficiency and user experience.
- Integrated REST APIs using Axios, enabling real-time data display in applications.
- Refactored legacy code and implemented React hooks, improving performance and maintainability.
- Translated UI/UX wireframes into React.js applications, enhancing UI responsiveness by 40%.
- Applied performance optimization techniques such as lazy loading, memoization, and code splitting.

## **EDUCATION**

### **BSc in Information and Communication Technology**

*University of Science & Technology, Khartoum, Sudan | September 2016 - February 2022*

## **CERTIFICATIONS**

- Microsoft Server, Network Plus Center (August 2022)
- Security+, Network Plus Center (June 2021)

## **PROJECTS**

Alshifa Pharmacy (Personal Project)

- Developed an e-commerce platform for a pharmacy using React.js and RESTful APIs.

GitHub: <https://github.com/abubakaralnoun/pharmacy>

## **DIGITAL SKILLS**

- React.js, JavaScript, HTML, CSS

- RESTful APIs, Redux
- Git, GitHub, JSON, Bootstrap
- SQL, MySQL
